

Test Case Report

Steps:

Step 1: Action - Navigate to the login page, Description - Successfully navigated to the login page:

<https://testing.praxilabs-lms.com>

Step 2: Action - Log in using credentials, Description - Successfully entered email and password and clicked the login button.

Step 3: Action - Verify successful login, Description - Successfully waited for page load and verified login.

Step 4: Action - Navigate to experiments page, Description - Successfully navigated to the Experiments page by clicking the 'Experiments' link.

Step 5: Action - Select experiment, Description - Successfully navigated to the experiment details page for '2D Protein Electrophoresis'.

Step 6: Action - Scroll to Learning Objectives, Description - Successfully scrolled to the 'Learning Objectives' section of the page.

Step 7: Action - Validate learning objectives, Description - Validated that the objectives are scientifically accurate and relevant to the experiment goals.

Final Result:

The learning objectives for the '2D Protein Electrophoresis' experiment are aligned with the experiment's scientific intent.

Status: success
